OUR STORY

(THE GRÖNBRALLAN LEGACY)

THE INTERRAIL
ADVENTURE HADN'T
STARTED TOO WELL.
WE WERE THREE
GUYS WHO

had left the well-known and secure grounds of Sweden for an adventure through Europe. And we were all filled with naive and youthful expectation. But already at the first stop in Paris

we were scammed and robbed by a SLIPPERY MONSIEUR.

MERDE!

CATASTROPHE!

RETREAT?

GIVE UP?

NEVER

We KEPT GOING with empty pockets and ADVENTUROUS COURAGE.

And along winding roads and together with newfound friends we made it all the way down to parque Juan Miro in Barcelona. And there he stood. The man with the green pants. He threw the boules with such height, grace and precision that no one could ever come close to. And what was up with the silly-looking gigantic green pants?

WHAT A
CHARACTER
WHAT A
MASTER

And after that moment nothing would ever be the same again.

There is not much that has changed

since that adventure. We still love boule and adventures. And we love to hang out with our

friends over a dinner, a glass of wine or a pastis.
