ABOUT BOULEBAR:

Boulebar started as an Inter Rail trip through Europe. Three friends in a park, among the rough alleys of Marseilles fell for boule pétanque. That equal sport that is so much more than just a sport. It's a way of life, a way of thinking and being. Preferably across generations, over a dinner or a glass or more of Pastis. Today, we are about 200 employees in Sweden and Denmark. We are currently looking for a person who wants to develop and run our digital communication. Someone driven by ambition, who loves the internet and is curious for trying new things.
